The United Kingdom

Autum Term 2

PSHE

This term the children will be exploring the topic of valuing difference. They will be exploring how we are all different including race, religion and gender as well thinking about and challenging prejudice, discrimination and stereotypes.

French

This term we will be learning key vocabulary about different body parts and then using it to build sentences leading to a conversation.

RE

How do Hindus understand God (Brahman)? To consider this the children will be exploring different representations of Brahman and other Hindu deities and their role in linking the qualities of one God.

Computing

This term in computing, the children will be learning how to edit sound. They will be using the Chromebooks to record different audio and then plan and record their own podcasts.

Cooking

This term we will be building on our previous food groups work and applying it in DT. We will also be exploring different recipes from around the UK and have a go at creating some of our own.

English

This term will start with us looking at the book 'The Iron Man' by Ted Huges and using it to inspire our own writing including newspaper reports and short stories.
We will also continue to work with different texts, including poetry, in guided reading sessions to develop our comprehension skills.

Geography

In Geography the children will be exploring the geography of the UK. They will learn about the physical geography such as rivers and mountains, the human geography including different towns and cities as well as looking at how the UK has changed over time. We will also be doing lots of map work including locating the capital cities.

Maths

This term will start with the children consolidating their number skills from last term and then applying them to different contexts such measure – including mass, capacity and length – before moving on to formal written methods. We will also be continuing to work on different times tables.

Science

This term we will be learning about living things and their habitats – focusing on classification. The children will explore how living things can be grouped in different ways, describe the characteristics of vertebrates and invertebrates and use classification keys.

P.E

P.E will be on Tuesdays and Fridays. This term the focus will be tag rugby and dance. Please ensure that your child in appropriate P.E kit.

Music

In music the children will be learning to play the recorder. The children will develop their music reading skills in order to play a variety of different songs and we will also be finding out about our musicians of the month.
