

P.E.

P.E will be happening on Thursday afternoon with the sports coaches and this term it will be football so please make sure your child comes with the correct kit.

PSHE

Rights and respect - This term the children will be considering the differences between rights, respect and duties, items in the media and money.

Computing

Databases - In this topic the children will be comparing and creating databases and exploring how we can use them to find and present data in different ways.

RE

Does Wisdom look the same for every Christian? To consider this question we will explore the difference between wisdom and knowledge and look at how Christians learn from the parables.

DT

Marble runs - this term the children will be exploring marble run resins and will then design and make their own marble runs using different materials.

English

We will start this term by writing our own guides to Woodlands before looking at a selection of different Welsh folktales and using them to inspire our own writing. We will then move onto writing stories for the 'story mountain' in the book *Land of Neverbelieve*. We will also be continuing with our daily guided reading and spelling lessons.

Maths

We will be starting this term refreshing our place value and operation knowledge before moving on fractions, decimals and percentages where we will be converting from fractions to decimals and working out percentages of amounts. We will then move onto some problem solving involving measure.

Science

Scientists (working scientifically) - in this topic we will explore different areas of science while focusing on some well-known scientist and carrying out investigations to test their discoveries.

Music

This term we will be practicing our music reading skills by playing glockenspiel and will also have a go at composing our own tunes and will explore our musician of the month.

Geography

Mountains - In this topic the children will be using atlases and maps to locate major mountain ranges around the world and will explore how different types of mountains are formed as well as finding out about mountain habitats, climates. We will hopefully also identify mountain features while on residential.

Mountains

Spring term 2

French

All about ourselves - We will be learning and using vocabulary linked to parts of the body, what we look like and feelings. We will also recap numbers and colours.
